## BANISH COLDS AND INFLUENZA.

It is quite easy to catch colds and sore throats, but you will find it just as easy to get rid of them if you promptly and intelligently use Fluonol as directed. An occasional gargle and the snuffing up of warm Fluonol from the open pan rapidly dispels disease germs and soothes the inflamed lining of the throat. Cough, colds, influenza, and all the ailments which pass through the system internally to reduce temperature. Safeguard yourself. Daily snuff up, gargle, and swallow.
